BACK GROUND INFO

- Karen was a psychoanalyst who practiced in the United States during her late career. Her theories questioned some traditional Freudian views.

Freudian views- beliefs that when people explain our own behavior to ourselves & others we rarely give our true motives.

- She was against Oedipus complex (men wanted to sleep with their mothers)
- Disagreed with penis envy
- She attended medical school in Berlin at Humboldt university.

PENIS ENVY

Where women want the power that men have but don't physically want the penis.

"So suck it" –Cody
